

Shoes give a person when being put on a feeling and they are almost like a written text of one's mood in a certain moment.  
A shoe is a form that describes a person's imagination and feeling: it can show anger, it can show a sexual feeling,  
it can show happiness, it can show boldness.

Shoes are empowering; they are the layer between the ground and the human body.

---

Shoes are necessity.

*Shoes are a reflection of a person's aesthetics.*

**Shoes are cultural.** *Shoes free your creativity.*

*Shoes can take you into a fairyland.*

**Shoes are enhancing.** *Shoes are lifesaving.*

*Shoes are life changing.*

**SHOES MAKE YOU FEEL TALLER.**

Shoes can be painful alteration.

***Shoes are the joy of today and the pain of tomorrow.***

*Shoes are beautiful objects.* Shoes can be cozy.
